COMMISSIONERS' REPORT

The year 1951 saw many changes happen in Carroll County which affected the general running of county business. The resignation of Percy Garland, Veteran Commissioner, September 1, because of ill health, was a decided blow to all who had come in contact with him. His place was not filled until October 22, when John N. Leighton, ex-Sheriff of Carroll County, was appointed by the courts to fill the vacancy. Superintendent Severance was critically ill all during the first part of the year, which, of course, worried those who had to do with him; but it is gratifying to say that he is now making a satisfactory come-back and seems to be his old self again. Harold Hart, chairman of the County Delegation, who was always helpful with information and advice about financial matters, died during the year; and his counsel was greatly missed by the commissioners. Forrest Hodgdon of Tufonboro has assumed chairmanship of the delegation.

The commissioners feel fortunate to end the year 1951 with a small balance in the treasury. Several appropriations were over expended through no fault of theirs, but others fell below the allocated amounts, which offset over expenditures. Some explanation should perhaps be given as to these over expenditures. Accordingly, a partial clarification of the matter follows:

Council fees were well over the allotted amount of \$100 because of the sitting of three masters on the Public Beach hearing in Moultonboro. The commissioners did not anticipate this expense so had not requested the money. Medical referee expenses were too large on account of four autopsies. One reason

the clerk of county exceeded his appropriation was that psycopathic expenses had to be paid from his appropriation, and soldiers' aid was high because of two hospitalizations of a soldier's aid case.

On the brighter side of the picture the final Bonds were paid August 1, so that Carroll County can now boast of being out of debt.

Grover Wiggin did a nice job of painting the front part and two sides of the Court House as well as the halls and two offices. Mr. Wiggin was very reasonable in his price, and the commissioners hope to continue with more of the work next year. A few hundred dollars have been consistently spent in recent years, so that by 1953 the entire building should be painted inside as well as out.

The special indexing of deeds, which has needed to be done about once every ten years, went on during 1951, under the direction of Register of Deeds, Lee Grey. By vote of the Delegation a sum of money not to exceed \$6,000.00 can be borrowed for this purpose, but it has not been necessary to make use of any borrowing as yet. Mr. Grey is installing all modern equipment, including a visible index system. Mrs. Charlotte Bunker of Ossipee assists with the work, operating the photostatic machine, which is most helpful for this job. This modern way of preserving documents will do away with all future periodic indexing, and Carroll County will have an up-to-the-minute permanent card index system. Mrs. Bunker also does the regular photostating of deeds, the income of which, at present, just about offsets costs of operation. If more work could be brought in, the machine could be run more often, the deeds would be gotten out sooner, and the County be better off financially. It had been hoped that the photostat machine would eventually pay

for itself, but such has not been the case up to now. However, looking ahead, the equipment is saving Carroll County a big expense at the moment on this indexing job, which would be very costly to let out. It must also be remembered that this job is a permanent one, thus the photostat machine is saving great future spending.

Prohibitive wages of people who might have been hired to work at the home kept Mr. Severance from doing any extra work at the institution this year. Appropriations for a walk-in freezer unit and a hay baler were made in 1951, and the former is in operation, being literally filled with all kinds of produce from the farm. A perusal of the Home expenses will show no items of beef, veal, pork, or ham bought during the year, and very few vegetables, other than potatoes are included. The produce of the latter commodity has been a disappointment to Mr. Severance for the last two years. He has been told that the soil about the farm is not adapted to the raising of potatoes, and it can be found in the County records of 1869 that one objection raised to the present location of the Farm at that time was the "poor soil." Mr. Severance does not entirely agree and intends to keep on trying to raise potatoes. Some of the commissioners recall when bumper crops of beautiful potatoes have been harvested, so many that some could have been sold. The hay baler arrived about a month after "haying time," which was something of a disappointment, to say the least; but fortunately, operations had begun in the usual way and all the best hay was stored away as in previous years. The barns were full when the baler arrived, so it was tried out on cheaper hay and the baled produce put in for bedding.

The fine herd of Holsteins, some fifty in number,

has caused quite a bit of favorable comment during the year; and there were no reactors from Bangs Disease. Three cows produced over fifty pounds of milk each, per day, which elected them to the honor roll in the Strafford-Carroll Dairy Herd Improvement Association. Because of the steadily increasing cost of grain, it is planned to decrease the herd by perhaps ten in number the coming year. Eleven of these Holstein creatures are purebred. The usual number of hog kind was raised, but for some reason, probably the prohibitive price of feed, not anywhere near as many were sold as in previous years. It will be recalled that in 1949 over \$1,500 was realized from the sale of pigs.

It is difficult to prophecy in these changing times, but it would seem as if the county might be able to operate on a slightly smaller budget in 1952. This, of course, would be most gratifying to the commissioners, as well as good news to county people in general.

John N. Leighton,

SOLICITOR'S REPORT

TO THE COMMISSIONERS OF CARROLL COUNTY:

I submit the following report as required by statute.

The County is not a party to any action pending in the Superior Court, nor has it been at any time within the past year. Attached hereto is a list of the criminal cases handled in Superior Court. In addition to this, many matters have been disposed of through the Municipal Courts of the County.

Under an act by the Legislature, commonly called the Sexual Psychopath Law, certain offenses automatically require that the defendant be examined by a board of psychiatrists and doctors. This procedure has been used in Carroll County in the past year and proved costly to the County. One man has been committed as a dangerous person under this act.

Sheriff Foss and his deputies are to be complimented on the efficient work done this past year.

Respectfully submitted,

PRESTON B. SMART,
Solicitor for Carroll County.

REPORT OF COUNTY PHYSICIAN

There were three deaths at the County Home during the year 1951; these deaths were the results of the ravages of old age.

There were no epidemics during the year and the incidence of morbidity was at a low level.

There are at present several hospital cases, that demand a considerable amount of care, being practically bedridden.

The general health of the inmates and the personnel has been, on the whole, very satisfactory.

As usual, the nursing situation has been difficult and it has only been through the constant efforts of the Superintendent that the staff was kept on a working basis throughout the year.

The Superintendent and Matron are to be congratulated for the cleanliness of the Home and for the devotion and care given to the inmates during the past year.

Respectfully submitted,

FRANCIS J. C. DUBE, M.D.
